Carleton University Library selects Relais Express

Relais International is pleased to announce that the Carleton University Library has selected Relais Express. Located in Ottawa, Canada, the library staff selected Relais Express after an extensive two month trial. The software is designed for easy scanning and delivery of documents to patrons and to other libraries. Library staff can convert paper documents to electronic format by scanning, or they can use existing electronic documents in both TIFF and PDF formats anywhere on their network for desktop delivery to their patrons. Delivery can be done via FTP to Ariel, Odyssey, Post to Web, Email attachment, or fax. Relais Express also receives electronic documents from Ariel and Odyssey. Carleton University Library is a member of the Ontario Council of University Libraries (OCUL).

Relais™ International Inc is based in Ottawa, Canada and has been selling systems to support interlibrary loan and document delivery services since 1996. Relais International (www.relais-intl.com) assists libraries in implementing intelligent and automated methods to support the delivery of documents. Relais products range from scanning stations through to fully integrated request management, scanning and delivery software suitable for a single library through to a consortium.
