
For Immediate Release

June 24, 2008

Dumbarton Oaks Research Library selects Relais Express

Relais International is pleased to announce that Dumbarton Oaks Research Library has selected Relais Express. The software is designed for easy scanning and delivery of documents to patrons and to other libraries. Library staff can convert paper documents to electronic format by scanning, or they can use existing electronic documents anywhere on their network for desktop delivery to their patrons or other institutions. Delivery can be done via FTP to Ariel, Odyssey, Post to Web, Email attachment, or fax. Relais Express also receives electronic documents from Ariel and Odyssey.

Dumbarton Oaks Research Library and Collection, in Washington, DC, is an institute of Harvard University dedicated to supporting scholarship internationally in Byzantine, Garden and Landscape, and Pre-Columbian studies.

Relais™ International Inc is based in Ottawa, Canada and has been selling systems to support interlibrary loan and document delivery services since 1996. Relais International (www.relais-intl.com) assists libraries in implementing intelligent and automated methods to support the delivery of documents. Relais products range from scanning stations through to fully integrated request management, scanning and delivery software suitable for a single library through to a consortium.
