

Malaspina University-College selects Relais ILL & Access

For immediate release

July 14, 2006

Malaspina University-College located in Nanaimo, British Columbia, has selected Relais ILL to automate their ILL and Document Delivery operations.

This system will include Relais Access, web-based pages, to allow patrons to request items from the Library as well as to inquire about the status of their requests.

Clare MacKeigan, General Manager of Relais International, says “We are delighted that Malaspina University-College has selected Relais International as their ILL and Document Delivery System vendor. They will be our fifth customer in BC and we hope that more libraries will join this diverse group”.

The system will be hosted by Relais International from our offices in Ottawa, Canada. The Relais ILL system will be implemented by September 2006.

Relais™ International Inc is based in Ottawa, Canada and has been selling systems to support interlibrary loan and document delivery services since 1996. Relais International (www.relais-intl.com) assists libraries in implementing intelligent and automated methods to support the delivery of documents. Relais products range from scanning stations through to fully integrated request management, scanning and delivery software suitable for a single library through to a consortium.
