NAIT Selects Relais ILL Hosted Service

Relais International is pleased to announce that the Northern Alberta Institute of Technology (NAIT) in Edmonton, Alberta has selected the Relais ILL Hosted Service.

The Hosted Service includes web-based access for patrons to create and monitor their own ILL requests. Staff can use a new and enhanced web-based staff interface and the Relais windows staff client to process ILL requests. The system includes the fully integrated Relais Scanning Module for seamless electronic delivery of items to patrons and to other libraries.

Clare MacKeigan, COO of Relais International, says "We are very happy to welcome the NAIT Library as the newest Relais customer."

Relais™ International Inc is based in Ottawa, Canada and has been selling systems to support interlibrary loan and document delivery services since 1996. Relais International (www.relais-intl.com) assists libraries in implementing intelligent and automated methods to support the delivery of documents. Relais products range from scanning stations through to fully integrated request management, scanning and delivery software suitable for a single library through to a consortium.
